After you figure out your purpose, you must determine what your audience's want is to your ebook. For example, does your e-book resolve a selected drawback? If it does, and solves it in a approach that hasn't been written about in one hundred different ebooks, you may be capable of obtain

excessive gross sales at a high price. In case your ebook solves an issue or answers questions in a new and unique manner, it's best to value your e-book as high as you may go. In case your e-book is aimed at fixing one explicit problem moderately than normal recommendation, then you possibly can cost more. Start on the highest value the market will bear to herald the largest profits, and plan to discount the e-book a variety of instances all through the year.

Make certain your sales copy is exactly the identical on each page, and contains your selling-handle sentence. Then figure out for each page the conversion ratio between visitors to your site and sales of your book. This can tell you what your optimum worth is.
