Decide in case your purpose is to get huge distribution and most exposure. This goal is aimed toward drawing prospects to your business or service, or to establishing the credibility of your reputation. If this is your essential purpose, you must purpose to maintain your worth on the low side. Some authors have even priced their ebooks at a profit loss to draw a high number of new customers. However, if your e-book incorporates worthwhile ? and extra importantly NEW data, references, or methods ? then you need to intention to cost it on the high end.

After you figure out your objective, you have to figure out what your audience's need is to your ebook. For instance, does your book clear up a selected problem? If it does, and solves it in a means that hasn't been written about in one hundred different ebooks, you'll be in a position to

obtain high gross sales at a excessive price. If your ebook solves a problem or solutions questions in a new and unique method, it's best to value your e-book as excessive as you'll be able to go. Remember the fact that the above pricing technique is temporary. Eventually, you will stop to promote books at this excessive price. So determine in advance how lengthy you plan to supply your e book at this high price, and when that point is up, change your pricing strategy.

If you want to see massive earnings over customer draw, goal for an viewers that's looking for straightforward solutions to their issues at a low price. If your book is aimed at solving one explicit problem fairly than normal advice, then you may cost more. Begin on the highest price the market will bear to usher in the largest earnings, and plan to low cost the e book a number of times throughout the year.

## Marketing Strategies

The key that unlocks the sales potential of your e book is to discover a single sentence that becomes your selling handle. This sentence states what query or drawback your e book answers and the

advantages your e book can provide. Then you should definitely use that sentence in each piece of sales and promotional material, and each time anybody asks you about your ebook.

In addition to selling your books assiduously online, there are a number of other strategies that can enable you to promote more books.

One is to provide one thing away totally free along with your e-book, such as a precious bonus item. Or bundle several ebooks underneath one worth, which lowers the worth for every ebook if they were bought separately.

An effective approach for figuring out a price is to send out a survey to your present customers. If these customers have already bought an e book from you, ask for their opinion by way of price. Do this by making a sales page for the new book, but don't embody a value on that page. Instead, add plenty of links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to check out prices by making a number of duplicate sales pages with different costs on every page. Make sure your sales copy is exactly the same on every web page, and contains your selling-handle sentence. Then work out for every web page the conversion ratio between guests to your site and gross sales of your book. This may inform you what your optimum value is.

Finally, when you've written a e-book that solves a downside or presents a brand new method, your ebook will usher in both traffic and profits. So make sure you write that promoting-deal with sentence that sums up what downside your e-book solves and what the benefits of your 1032 e-book can be to the purchasers who buy it.
