Do that by creating a sales page for the brand new book, but don't embrace a value on that page. As a substitute, add quite a lot of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to check out costs by creating a number of duplicate gross sales pages with completely different prices on every page. Be certain that your sales copy is exactly the same on

every web page, and includes your selling-handle sentence. Then determine for every web page the conversion ratio between guests to your site and sales of your book. This will let you know what your optimum price is.

In the end, when you've written a e book that solves a problem or presents a new method, your e book will bring in each traffic and profits.
