moderately than general advice, then you can charge more. Begin at the highest value the market will bear to usher in the largest profits, and plan to discount the book a number of instances all through the year.

Marketing Strategies

An efficient technique for determining a value is to send out a survey to your current customers. If these prospects have already purchased an e book from you, ask for their opinion in terms of price.

Do this by creating a sales page for the brand new book, but don't include a price on that page. Instead, add quite a few links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to test out costs by creating a variety of duplicate gross sales pages with totally different prices on every page. Ensure your gross sales copy is strictly the same on each page, and contains your selling-deal with sentence. Then work out for each page the conversion ratio between visitors to your website and sales of your book. This can let you know what your optimum worth is.

In the end, when you've written a e book that solves a drawback or presents a brand new approach, your e book will bring in both traffic and profits.
