An effective method for determining a price is to send out a survey to your current customers. If these customers have already purchased an book from you, ask for his or her opinion by way of price. Do this by making a sales page for the new e-book, however don't include a worth on that page.

Instead, add a variety of hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another strategy is to test out costs by making a variety of duplicate gross sales pages with totally different prices on every page. Ensure that your sales copy is precisely the same on each page, and consists of your selling-deal with sentence. Then figure out for each page the conversion ratio between visitors to your site and sales of your book. This will let you know what your optimum worth is.

In the end, for those who've written a e book that solves a drawback or presents a new approach, your e book will herald both visitors and profits. So make sure to write that selling-handle sentence that sums up what downside your e book solves and what the benefits of your 1756 guide will likely be to the purchasers who buy it.
