An effective approach for determining a value is to ship out a survey to your present customers. If these customers have already purchased an ebook from you, ask for their opinion when it comes to price. Do that by creating a sales page for the new guide, but don't embrace a value on that page. As a substitute, add a variety of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other technique is to test out costs by creating a number of duplicate gross sales pages with different costs on every page. Make certain your sales copy is exactly the identical on each web page, and includes your selling-handle sentence. Then figure out for every web page the conversion ratio between guests to your web site and gross sales of your book. This can let you know what your optimum price is.

Finally, in case you've written a guide that solves a drawback or presents a new approach, your book will herald both visitors and profits.
