Then be sure you use that sentence in each piece of sales and promotional material, and each time anyone asks you about your ebook.

Besides promoting your books assiduously online, there are a number of different methods that can show you how to sell more books.

One is to present one thing away free of charge along with your book, akin to a worthwhile bonus item. Or bundle a number of ebooks below one worth, which lowers the price for each book if they had been offered separately.

An efficient approach for figuring out a worth is to send out a survey to your current customers. If these customers have already purchased an e book from you, ask for their opinion in terms of price. Do this by creating a gross sales web page for the brand new ebook, but don't embody a price on that page. Instead, add quite a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another strategy is to test out costs by creating a variety of duplicate gross sales pages with totally different costs on every page. Ensure that your sales copy is exactly the identical on every

web page, and consists of your promoting-deal with sentence. Then determine for each web page the conversion ratio between guests to your site and sales of your book. This will let you know what your optimum price is.

In the end, in case you've written a book that solves a problem or presents a new technique, your book will bring in each site visitors and profits. So make sure you write that promoting-handle sentence that sums up what downside your e-book solves and what the benefits of your 2067 book will likely be to the purchasers who purchase it. And then watch your market come to you!
