An efficient approach for figuring out a worth is to send out a survey to your present customers. If these prospects have already purchased an e book from you, ask for their opinion when it comes to price. Do this by creating a gross sales web page for the new book, but don't include a worth on that page. As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another technique is to check out costs by making a variety of duplicate sales pages with totally different costs on each page. Be sure your sales copy is strictly the same on every page, and consists of your selling-handle sentence. Then figure out for each page the conversion ratio between guests to your site and sales of your book. This can inform you what your optimum value is.

In the end, when you've written a ebook that solves a drawback or presents a new method, your e book will usher in each site visitors and profits.
