Then make sure you use that sentence in every piece of gross sales and promotional materials, and each time anybody asks you about your ebook.

Besides selling your books assiduously online, there are a number of other methods that can make it easier to promote more books.

One is to give something away totally free with your e-book, similar to a precious bonus item. Or bundle a number of ebooks beneath one price, which lowers the worth for every e book if they had been sold separately.

An efficient method for determining a price is to ship out a survey to your present customers. If these prospects have already bought an e-book from you, ask for their opinion in terms of price. Do that by making a sales page for the brand new ebook, but do not embody a value on that page. As a substitute, add various links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to test out prices by making a variety of duplicate gross sales pages with totally different costs on each page. Be sure your sales copy is strictly the same on every page, and includes your selling-handle sentence. Then figure out for each web page the conversion ratio between visitors to your website and sales of your book. This will inform you what your optimum price is.

Ultimately, for those who've written a e-book that solves a downside or presents a new approach,

your e-book will usher in both traffic and profits. So you should definitely write that promoting-handle sentence that sums up what drawback your book solves and what the advantages of your 66 guide shall be to the purchasers who buy it. After which watch your market come to you!
